**RECEIVED**OCT 24 2023 *WM*THOMAS G. BRUTON  
CLERK, U.S. DISTRICT COURT

My Student Loans were ~~be~~ meant to be paid by money left to me by my grand father but this money was illegally taken after verbal and written agreements were made.

The Student Loans in question were arranged and signed for by Cathy Swan who signed almost \$300,000 in loans under my name but I did not make the arrangements

and I had no idea what Cathy Swan and Charles were setting-up, except their assurances the loans would be paid by my inheritance funds.

At the time I had multiple offers to other schools including a Full Ride fully paid Scholarships, due to my academic excellence at the incredible all-girls school Smith College. The school looked excellent and I identified an adviser during the school visits.

I have been asking that Cathy Swan correct the damages she

has done by putting the loans in her name, as this is the Legal way for her to take out the loans and should have been done to begin with.

Later, I was forced to go back to school to ~~maximize~~ gain new experiences and ~~en~~ work to enter PhD programs to finish my education - the loans I had to take out for this degree at NYU are enormous but I was offered

Cent,

multiple PhD offers from incredible schools in England and in the USA. I ended up moving to England to start my PhD and discovered that there was an administrative error where my loans were put into "default" even though I was fully enrolled in PhD programs, and fully engaged with my Academic Career - the PhD program was in England and the American Government

made a mistake to put the loans in default. I've asked them to correct the error countless times and the American Government is refusing to correct the errors. I am hoping the errors will be corrected from this lawsuit.

The damages to me are enormous - with countless opportunities lost and more due to the inability to rent apartments from my bad credit.

With bad credit it is  
impossible to be a productive  
 member of society because  
 you are blocked from basic life  
 necessities. life housing, living in  
 safe areas, transportation to work,  
 emergency funds, down payment  
 funds, and more. It is debilitating  
 beyond imagination and forces  
 you to live like an ~~endogen~~  
 endenchured servant - living at the  
 housing provided by the companies  
 or schools you work for, afraid

to exercise your rights or speak your mind because you are in such a vulnerable position. If you get fired, expelled, lose your job you also lose your place to live overnight and are homeless. It is not okay and I would like an equal opportunity to rent apartments etc. and I would like to be able to apply the training I have, and use the education I spent so much money to get, so I can help people and be a productive

member of society like I  
always have been.

I always get excellent grades, work incredibly hard, do community service and volunteer and it is sad that I am not able to do any of those things because of the expense of my education and the subsequent blocks to basic life needs. I hope the court case will allow me to share the education I have with everyone and <sup>that I will be</sup> able to have basic life necessities.

I do not think our forefathers  
would want people to be forced  
to compromise basic life necessities  
to afford an education

My inalienable rights should be  
guaranteed.
